

Disclaimer

Stock market investments are risky!

They don't provide fixed returns and past performance doesn't guarantee future results. All securities investments entail the risk of great and sudden financial loss. Returns vary and you may have a gain or loss when you sell your securities! No assurance is given that anything described here will be successful.

Information supplied by R. Wadiwala contains neither recommendations nor solicitations to buy or sell securities. All information is published for educational purposes ONLY.

Reports and data published solely for information and educational purposes and do not form the basis of any contract or commitment whatsoever.

Nothing in the site and reports listed here should be construed as investment advice, either on behalf of particular stocks or in regard to overall investment strategies.

No representation or warranty, expressed or implied, is made as to the fairness, or correctness of the information contained in the sites.

We are not liable for damages caused by actions taken as a result of the information in the above report or any of their following pages, links.

The expressed analysis and projections are subject to change without notice.

No information accessed through our site, reports, or any link constitutes a recommendation to buy, sell or hold any security, financial product or instrument discussed therein. We do not offer or provide any investment advice or opinion regarding the nature, potential, value, suitability or profitability of any particular security, portfolio of securities, transaction or investment strategy, and you shall be fully responsible for any investment decisions you make, and such decisions will be based solely on your evaluation of your financial circumstances, investment objectives, risk tolerance, and liquidity needs.
